Clinic Guidelines

Dear Clients,

Welcome to the Student Clinic. We are sure you will find your massage relaxing; our students are very proficient and have been tested thoroughly by their instructors before beginning their clinic rotation. Supervisors will be present to observe students during the massage.

When calling to make appointments, please call the **Student Clinic at 973-831-4111**. We check our messages often and promise to return your call as soon as possible. Kindly keep in mind that when clinic is not in session there is no need for someone to always be in the office.

ITM has guidelines in place to keep clinic a safe and educational environment for all our clients and students. Take a moment to review them.
